## WITH MEN AND GUNS

Native Leader On Samar Surrenders to General Grant's Force.

## A BATCH OF BOLOMEN ALSO QUIT.

General Chaffee Reported In a Speech by Acting Governor Wright to Have Been a Loyal Supporter of Civil Rule.

Manila, April 28.—General Frederick D. Grant's expedition in the gunboats *Baezo* and *Florida*, several steam launches and native lighters, has ascended the Candara river, in the island of Samar, and has brought the insurgent leader Guevarra and his entire command down the coast. Guevarra's command consists of Rafael Sebastian, Abaki and 38 other officers, 189 men and 161 rifles. Three hundred insurgents with 131 rifles are expected to arrive at Catbalogan, Samar, to surrender formally to the American authorities. Three bolomen, 28 of them armed with rifles, surrendered at Sulat, also in Samar. Guevarra succeeded General Lukban to the command of the insurgent forces in Samar when the latter was captured last February.

At a farewell banquet here to the officers of the Ninth Infantry, Acting Civil Governor Luke E. Wright paid a glowing tribute to the military forces. He said the army, under circumstances of surprising difficulty, had paved the way for the work of the civil authorities, and that only a few cases of friction between the two branches of government had occurred. He said that General Chaffee, whose opinion might at times have differed from that of the civil authorities, had been a most loyal supporter of civil rule.

Captain L. W. V. Kennon of the Sixth cavalry reports from the Island of Negros the surrender of the ladrone leader Rufo, with 158 officers and men of his command, together with 12 guns, 140 bolos, seven spears and a few revolvers and daggers. Captain Kennon says this surrender means the opening up of the whole of the southern coast of the Island of Negros. After Papa Iso, Rufo was the most important ladrone chief on the island. He promises to force Papa Iso and his few remaining followers to surrender. Papa Iso was appointed a colonel in the insurgent army by General Malvar one year ago.

## ASSISTANT DAY

Makes a Statement About Prosecution of Meat Trust.

Chicago, April 28.—William A. Day, assistant to Attorney General Knox, and special counsel to the Interstate commerce commission, arrived in Chicago to confer with District Attorney S. H. Bethea, relative to taking action against the so-called beef trust. Mr. Day said he did not bring with him the application for an injunction, which the attorney general had ordered filed against the packing firms of Armour & Company, Swift & Company, Nelson Morris & Company, G. H. Hammond Packing company, Cudahy Packing company and the Schwarzschild & Sulzberger company. Further he said no bills would be filed by him at once. The matter of the investigation, he said, had been placed entirely in the hands of District Attorney Bethea.

Attorney Day said: "I want to correct a misconception of my position in this case. I am here merely as the representative of Attorney General Knox. District Attorney Bethea is to have sole charge of the prosecution. I have no authority to direct his actions, but merely to convey to him certain instructions of his superiors in Washington as to the outline of the bills. I have also brought some additional evidence which I secured in New York. This will be sifted by him and will be used to supplement to his proof of the existence of a meat trust. I do not think the bills will be drawn hurriedly as they must stand the severest scrutiny of some of the best corporation lawyers. For this reason care must be taken to withstand the assaults of demurser. I have no authority to say anything concerning the evidence I have secured. It is sufficient to state that the attorney general has approved of the proofs secured by Mr. Bethea and myself, and unless he was certain that we had strong evidence to support the applications for injunction under the Sherman anti-trust law he would not have ordered the prosecution started at this time."

## Killed By an Explosion.

Seattle, Wash., April 28.—Will Price and Bernard Sutter were killed by an explosion of dynamite at Issaquah. There was not enough of Sutter's remains left to hold an inquest. The cause of the explosion is not known.

## HOUSE AND SENATE.

Week of Debate On the Philippine Government Bill.

Washington, April 28.—There is a miscellaneous program ahead for the house this week. The special rule for consideration of the omnibus public building bill was brought in today and passed, and the remainder of the day was devoted to District of Columbia business. Tuesday the omnibus bill will be passed. Wednesday consideration of the agricultural appropriation bill will be resumed, and after it is disposed of the District of Columbia appropriation bill will be taken up and probably passed before the end of the week. With its passage only two appropriation bills remain to be acted on by the house—the naval and general deficiency bills.

## Week of Debate.

Washington, April 28.—The plans of the senate for the week do not extend beyond the continuation of debate on the Philippine government bill and the consideration of minor matters when there is no one prepared to speak on the Philippine bill. Up to the present time the speeches all have been made by minority members of the Philippine committee, but it is stated that other Democratic senators have promised to lift their voices in opposition to the bill, among them being Messrs. Turner, Clay and Simmons. Senator Hoar also has made known his intention to speak on the bill, but it is not expected that he will be heard during the present week.

## HALF MILLION LOST.

Number of Buildings, With Contents, Destroyed by Fire.

Glens Falls, N. Y., April 28.—A disastrous fire visited Glens Falls, causing a property loss estimated at over \$100,000. The fire started in the clothing store of Webb Brothers, on Main street, and from thence spread to the large plant of Joseph Fowler Shirt and Collar company, occupying the upper story of nearly the entire block. Then fanned by high wind, the flames communicated to neighboring buildings. The destruction of the Fowler shirt plant throws nearly 800 operatives out of employment, and 200 more will be out of work temporarily. It is thought the insurance will nearly cover the losses.

## Loubet Will Be Represented.

Paris, April 28.—In addition to the officials whose names were cabled as composing the French mission which will attend the unveiling of the Rochambeau monument at Washington May 24, President Loubet will be personally represented by his staff officer, Lieutenant Colonel Meaux Saint-Marie, Paul Renouard, the artist, and Michella Crave, head of one of the divisions of ministry of commerce, will also accompany the mission, which with a staff officer for General Brugre, the commander-in-chief of the French army will comprise 16 members. The battleship Gaulois, which will take the mission to the United States, leaving Toulon May 5, will go to Baltimore.

## Schley in the South.

Memphis, April 28.—Rear Admiral and Mrs. W. S. Schley arrived in Memphis over the Southern railway, and were at once driven to their rooms at the Gayoso hotel. A reception committee met the visitors at Grand Junction and escorted them to Memphis. It was generally understood that it was the wish of Admiral and Mrs. Schley that there should be no demonstration in their honor upon their arrival, but several hundred people were at the Union station to bid them welcome. Admiral Schley will be the guest of the city until Wednesday night, when he will visit several cities in Mississippi.

## To Dine With Taft.

Cincinnati, April 28.—Judge Howard Hollister and Attorney W. T. Dickinson have gone to New York to attend the dinner given by Yale class of '78 in honor of Judge William H. Taft, governor general of the Philippines. There are 109 of the class of '78 living, Taft, Hollister and Dickinson being the only members from Cincinnati. Before returning to Manila Governor Taft will be given a dinner in Cincinnati.

## Vessels Beached.

Ashtabula, O., April 28.—In trying to enter port without a tug the steamer *Rappahannock* lost her consort, the schooner *Pretoria*, and the latter went ashore. The tug *William D.* went to the vessel struck bottom, knocking a hole in her bow, which necessitated beaching her to prevent sinking.

## New Cardinals.

Rome, April 28.—It is believed in vatican circles that Archbishop Corrigan is to be created a cardinal at the May consistory, together with Archbishop Beguin of Quebec.

## FORMED A NEW UNION

Stationary Engineers Freeze Out Men Employed in Breweries.

## OLD MEMBERS BARRED FROM HALL

Feeling Intensified Among the Parties Involved in the Brewery Lock-out at Cincinnati—Trouble Narrowly Averted.

Cincinnati, April 28.—Serious trouble was narrowly averted at a meeting called to organize a local union of stationary engineers to take the place of Union 18, whose charter was recently revoked in connection with the protracted trouble between the engineers and the United Brewery Workmen. The executive council of the American Federation of Labor 10 days ago ordered the engineers to shut off steam in breweries employing nonunion men. The brewery proprietors secured an injunction. When the engineers complied with the order of the court, which was in conflict with the order of the federation, their charter was revoked. The old officers and members of union No. 18 appeared at Workmen hall to explain that their charter had not been regularly or legally revoked and to protest against organizing a new local union until the order of the court was disposed of. None of these old members were admitted to the hall, and some of them were roughly handled on the outside. A temporary union was afterward organized.

This new union will send its application at once to the International union for admission, and a meeting will be held here next Sunday to perfect a permanent organization under the new charter that is expected by that time. None of the engineers employed in the breweries in Cincinnati, Newport and Covington joined the new union. They claim that they are still members of union No. 18, whose charter, they hold, was not revoked in the proper manner, and that they are prevented from complying with the finding of the American Federation by a restraining order of the court. The fight has intensified the feeling here among those involved in the brewery lockout, which has been in progress for months.

## French Elections.

Paris, April 28.—Paris has not elected a single ministerialist to the chamber of deputies. Eight Nationalists, six anti-ministerialists and three Conservatives were returned. It was the worst defeat the government has ever sustained in Paris. The ministerialists lost four seats and another new constituency was won by the Nationalists. The deputies elected include Mme. Millevoye (Nationalist), Georges Berry (Nationalist), Lockroy (Radical) and Vaillant (Revolutionary Socialist), who were members of the retiring chamber, and M. Flourens (Progressivist), M. Mesureur (Radical Socialist). A retiring deputy was replaced by M. Syveton (Nationalist). Reballoting will occur in 29 districts. The Nationalists, however, suffered a severe check in Algiers, where M. Dumont, the notorious anti-semite, was turned out by a majority of 900. Among the prominent deputies re-elected to the chamber is Count Boni De Castellane (Progressivist).

## Sons of the Revolution.

Washington, April 28.—Arrangements have been completed for the national congress of the Sons of the American Revolution, which assemblies in this city Wednesday. The sessions of the congress will be held at the new Willard hotel. The arrival of delegates has commenced. While the congress does not assemble until Wednesday, a ceremony of considerable interest will be held Tuesday at Congressional cemetery, when a committee of distinguished New York delegates will visit the cemetery for the purpose of placing one of the society markers at the grave of General George Clinton, an aide to General Washington in planning campaigns.

## Double Killing.

Nacogdoches, Tex., April 28.—A double killing occurred at Palestine church, three miles west of this city. At the close of a singing convention, after a heated argument, Elsie Clifton pulled his pistol and shot Jim Clevenger in the chin, the bullet passing through his head, killing him instantly. Then some one shot Clifton through the heart. He died without speaking. Frank Clevenger, a brother of Jim Clevenger, told Sheriff Spradley that he would surrender Monday.

## Wages Increased.

Gallion, O., April 28.—A 10 per cent increase in wages goes into effect today for the employees of the Fleckinger Wheel company and of the wagon and gear company.

## CIGARS AND CHAMPAGNE.

Plans of a Louisville Millionaire For His Own Funeral.

Louisville, April 28.—When Captain William F. Norton, the millionaire owner of the Auditorium, passes away, he will have one of the most unique funerals ever known. The captain has already made his plans. He proposes to be cremated, and will have his remains taken to Cincinnati for the purpose. The funeral party will leave for Cincinnati on a special train. The list of those who are invited to accompany the remains has been made out and is kept in Captain Norton's safe, along with other directions.

From time to time, as the captain meets a good fellow he compliment him by adding his name to the list of those who will attend the funeral.

It will not be a doleful party, however. Instead the captain proposes that there shall be mirth and merrymaking. He has prescribed that his funeral guests shall smoke 25-cent cigars and drink nothing but the rarest of vintage all the way. In the sparkling champagne they will drink to the future welfare of their host, who will be riding in solemn state "in the baggage coach ahead."

On arriving at Cincinnati the cortège will be met by Weber's band, which will escort the parade to the crematory. There all that is mortal of Captain Norton will be converted into ashes and will be placed in an urn that has provided for the purpose, and which he keeps at the Auditorium box office.

One of the captain's latest whims was to set aside one hour each Friday morning to hear troubles. To properly receive his visitors he had made a full policeman's uniform. Each Friday morning he arrays himself in this and spends one hour at his office to hear tales.

## Preferred Billiards to Piano.

New York, April 28.—Paderewski returned from a tour of the west and south a few days ago. He was invited by Harry B. Hollins, the Wall street broker, to his Fifty-sixth street home to dinner. The pianist was expected to entertain, of course, but he might not feel that the brunt of the entertainment was on him, O. C. Morningstar and Edward McLaughlin, two professional billiard players, were also invited. After dinner the billiardists gave their performance, which so interested Paderewski that he picked up a cue and entered the game with McLaughlin as a partner against Morningstar and R. N. Young. The pianist won. Then he tried it against Mr. Hollins and did not leave the table until 2 next morning. He did not touch the piano all the evening.

## Stole Eggs From Park.

New York, April 28.—Michael Brennan was brought into court charged with stealing eggs from the duck pond in Central park. It looked like a long term for the old man, when in a rich Irish brogue he said: "I took the eggs, so I did, but times is hard with the likes of me, what with being out of work and three children and the old woman to support. Sure the beef trust has took away our meat and we must have something to eat, and eggs is eggs, you know. The magistrate may let me go."

## Probable Settlement of Strike.

Augusta, Ga., April 28.—It is believed the strike of cotton mill operatives, which was inaugurated two weeks ago, will be settled in a day or two. A conference between a committee of the King mill strikers and the manufacturers has been arranged. An arbitration board will be appointed and its decision will be binding on both sides. It is said that as soon as the differences with the King mill men are arranged, the lockout in the other mills will be declared off.

## Kansas Town Burned Up.

St. Joseph, Mo., April 28.—The town of Harkiner, Kan., has been totally wiped out by a fire which started before midnight. Harkiner is a town of about 500 inhabitants, 12 miles from St. Joseph. The St. Joseph and Grand Island railroad station and according to reports from the railroad officials, every business and residence structure in the town have been entirely destroyed. All telegraph and telephone communication has been cut off.

## Corrigan Is Better.

New York, April 28.—The following bulletin regarding Archbishop Corrigan was posted: "The archbishop passed a comfortable night. His symptoms continue to improve." Dr. Delafield added that the archbishop's condition was much improved and he expected that the crisis would be reached on Monday.

## Astor a Baron.

London, April 28.—Latest official reports have it that William Waldorf Astor will be created Baron Cliveden of Taplow next month.

## TO THE GREAT BEYOND

Passes the Spirit of Former Secretary of Agriculture Morton.

## DIED AFTER LINGERING ILLNESS.

Brought From His Home in Nebraska to the Residence of His Son in Illinois—The Funeral Arrangements.

Chicago, April 28.—Ion J. Sterling Morton, former secretary of agriculture, died Sunday afternoon at Lake Forrest, at the home of his son, Mark Morton. For several weeks Mr. Morton had been failing. A week ago he was brought from his home at Nebraska City, Neb., to Lake Forrest, for medical treatment.

It will not be a doleful party, however. Instead the captain proposes that there shall be mirth and merrymaking. He has prescribed that his funeral guests shall smoke 25-cent cigars and drink nothing but the rarest of vintage all the way. In the sparkling champagne they will drink to the future welfare of their host, who will be riding in solemn state "in the baggage coach ahead."

The illness of Secretary Morton dates from last November, when he contracted a severe cold while speaking at the stock show in Chicago. The cold ran into an attack of la grippe, and Mr. Morton was in a hospital for some time. When he was able to do so he returned to his home in Nebraska City, where he suffered a relapse. After a partial recovery he left, early in March, for the City of Mexico, expecting to restore his health. During his stay in the southern country a disease of the bronchial arteries developed, and he returned north.

The interment will be at Nebraska City. A special train bearing the remains of Mr. Morton and members of his family and friends will leave Lake Forest at 4 o'clock Tuesday afternoon for Nebraska City. Death was due to cerebral thrombus.

## Tragedy at a Church.

Hazleton, Pa., April 28.—Michael Cherkio, 38, was murdered about 100 feet from the Greek Catholic church at Freeland during the progress of the Greek Easter services. George Smith is under arrest, charged with having committed the crime. It is alleged that Smith, upon entering the church, failed to remove his hat, and when requested to do so by Cherkio, one of the trustees, drew a blackjack and assaulted Cherkio. The latter ran out the door, followed by Smith. Cherkio had not gone far when Smith, drawing a revolver, shot him through the back, death being instantaneous. Friends of the dead man overpowered Smith and took him to the station house. The services came to an abrupt termination amid great excitement.

## A Powerful Gun.

Troy, N. Y., April 28.—The authorities at the Watervliet arsenal expect to complete work on the 16-inch gun to be placed at Fort Hamilton in New York harbor by June 1. The gun, which has been in the course of construction about four years, will be first sent to Sandy Hook for proving. Last week the war department decided to mount the gun on a disappearing carriage. Its first trial is eagerly awaited by all the gunmakers of the world. It is claimed the gun will hurl a shell 21 miles. This is disputed by the Krupps, who claim it will not throw the shot more than 15 miles. In order to discharge the gun it will require 1,000 pounds of powder and a 3,000-pound projectile. The gun when completed will weigh 150 tons.

## Schooner Founders.

Sandusky, O., April 28.—The schooner *Barklow* from Marine City foundered in Lake Erie, half a mile from Put-In-Bay, and Captain Robert Pardy of Marine City, his wife and stepson, Alex Morris, 16, drowned. Dick Burke, a sailor of Port Huron, who survived, was brought here by life-saving crew from this port. The body of Captain Pardy and young Morris are still unrecovered, but that of Mrs. Pardy washed ashore at Put-In-Bay.

Wickliffe, Ky., April 28.—Burglars attempted to rob the local bank during the night, using dynamite. The noise of the explosion aroused the citizens and the burglars hastily made their escape. It is not yet known what booty if any they obtained.

## Forty to Date.

Cairo, Ill., April 28.—Four more bodies of the victims of the City of Pittsburg wreck were recovered, making 40 to date. One was identified as that of Joseph Redding, a striker engineer of Louisville. The other three were colored, two men and one woman.

HERE'S an instance showing how the beef trust operates. The Enquirer says:

In the past it has been possible for dealers in the wealthier sections of the suburbs to sell their poorer cuts to meat dealers in the less prosperous sections. The hill-top butcher got more for his fine steaks. The poorer steaks and cuts, for which he had but little sale, he sold to the retailer in the city at a much lower price than that person could get beef from the packers. It is stated the packers will soon issue a statement to the retail meat dealers prohibiting them to supply another dealer with any kind of meat; that any butcher violating this order will not be furnished with any kind of meat, either from the local or outside packers. If the meat combine enforces this arbitrary order it will mean scores of retail stores in several parts of the city will have to close, the hill-top butcher who now gets 30 and 35 cents a pound for choice steak will have to even advance on this price and the meat combine will have made another strike in killing off retail dealers. This latest phase of the meat trust's stand is causing a great deal of alarm among the butchers of this city.

Why should the packers object to a dealer disposing of his meat in any possible way? The dealer has certainly got a right to even give it away, if he sees fit to do so. This is a free country, at least it was free once, but if the trust barons are going to dictate as to how a person should conduct his business, it means simply commercial slavery.

### River News.

Virginia down this evening and Courier to-night. Stanley up to-night for Pomeroy.

The Tacoma resumed her trips in the Maysville-Cincinnati trade this morning. The Bonanza goes back to the Pomeroy run.

The Portsmouth Blade says its definitely settled an independent packet will enter the Portsmouth-Cincinnati trade about May 1st.

It is conceded everywhere, says the Enquirer, that the steamer City of Louisville is the fastest that travels either the Western or Southern waters, but as yet nobody knows how fast she is. Chief Engineer Henry McClanahan, who has had charge of her machinery ever since she was built, acknowledges that he has never given her the limit, and that the spurt she made on an upstream run which gave her a record was executed under most favorable conditions when she was only going at a good gait.

In the report from Maj. Bixby, corps of engineers, transmitted to Congress by the Secretary of War, the officer recommends that the next dam to be built in the Ohio river be erected below Cincinnati, the next one below Point Pleasant and Gallipolis (mouth of the Kanawha river), and the next three, below Parkersburg (mouth of Little Kanawha), Cattlettsburg (mouth of the Big Sandy) and Portsmouth (mouth of the Scioto), after which the rest of the dams between Pittsburgh and the Big Miami should follow in the order which may at that time appear to the engineer in charge as the most useful to the general river commerce.

Riley Ham, the barber who was shot and badly wounded at Flemingsburg in December by Christmas jollifiers, came down from Vanceburg Sunday afternoon and went on to Fleming where his suit against young Fischer comes up at the present term of court. He is still partially paralyzed, and had to be carried from the train to his conveyance.

The meeting of the Executive Committee of the Christian Church Endeavor Society, announced for this evening, has been postponed until to-morrow evening.

### ARTHUR FOX.

A Former Prominent Citizen of Dover Passes Away at the Home of His Son in North Carolina.

[Dover Messenger.] Arthur Fox died in North Carolina last week.

The simple announcement that Mr. Fox has passed away will awaken a flood of tender memories in the breasts of scores of relatives and dear friends who knew him in the old times now gone forever.

Deceased was a gentleman of the old school; polished, affable and gentle in his deportment, and a shining light in Mason County society fifty years ago.

He was a son of the late Squire Arthur Fox and Lucretia Taylor Fox, and was born at the old Fox home near Dover in 1824.

Mr. Fox leaves hundred of relatives in Dover and in the county, among them being one brother, Judge E. J. Fox, of Dover and three sisters, Mrs. Hannah C. Curran, of Maysville, Mrs. L. C. Anderson, of Bourbon County and Mrs. L. H. Cross, of Dover. The late Squire C. J. Fox, of Dover, was his brother.

Mrs. Evelyn Baker Dodd, widow of the late Rev. T. J. Dodd, D. D., vigorously criticizes the bequest of \$10,000,000 by Cecil Rhodes for Anglo-American scholarships in Oxford College on the ground that "its intent is to Anglicize the young Americans who seek its benefits, and return them home imbued with imperialistic ideas and love for European ways. In a word it is a cunningly conceived blow at our popular form of government and American institutions."

### CINCINNATI TOBACCO MARKET.

Stronger Feeling the Past Week, But No Change in Prices to Report—Review of the Trade.

Week.	1902.	1901.
New (hds.)	660	1,014
Old	369	30
Total offerings	1,029	1,074
Total rejections	249	136
Total actual sales	780	938
Total receipts	410	1,248

While the tobacco market during the past week showed no change in prices from the previous one, there was a stronger feeling throughout. This was particularly noticeable on sound goods, both in the new and old crops, and included common to good trades, red tips and medium leaf. The prices current on trades five weeks ago are running about the same at this time, but tips and medium grades are fully a cent off. But then these grades are not looking so well now as they did a month ago, more soft conditioned goods showing up last week than any similar period this season. Not a few of the packages are warm, and buyers are intensely critical in their examination of samples, and all that show soft are bid in at bargain rates. It is advisable for shippers to take such tobacco out and hang them up, rather than suffer a loss.

The feature of the week was the liberal manufacturing demand for fancy new cigarette wrappers, on which a new local record price, \$31.25, was established on Thursday at the Farmers' and Shippers' warehouse. This is really no fixed value on cigarette wrappers this year, as the supply is so scarce and the demand so extraordinarily good that a high class package can be worked up to almost any price. This prize hogshead was shipped by Col. Frank Congleton, of Nicholas County, Ky., and it was not only carefully handled and assorted, but every leaf in the hogshead runs exactly like the sample, which measured 21 inches in length, of fine texture, and will prove a big yielder in the wrapping.

Two more inmates of the State Reform School have been arrested charged with complicity in the recent burning of the Bradley cottage. They are Champ Gee, of Rowan County, and Cam Sheperd, of Harlan County.

Mrs. Thomas Parry is recovering slowly from the injuries received by a fall a few days ago.
